About The Displays

Since February 2010, *The J.M. Burguières Family Assembly* has been collecting biographies, memories and photographs of family members who served our nation in times of conflict. These posters are examples that were prepared last year as prototypes for the larger collection, *Honoring Our Veterans*, presented this year as one of the 2012 shareholder gifts. We have endeavored to include everyone who served our nation or wished to share memories from the home front. We apologize if in anyway our efforts fell short and someone has been overlooked. If you would like copies of any of these posters please see Leila Bristow or Gertrude Pfost.

Shareholder Gift

Botticino marble coasters featuring digitally repaired, enhanced and colorized images of our past and present. Created by Charlotte Schillaci.

“Honoring Our Veterans: A Collection of Biographies and Memories of the Burguières Family”, a truly collaborative family effort, with cover art by Michael Hammond.

Heritage Education Program

Created by the *Education & Family History Committee* and led by Evie Burguières & Morgan Pfost. The program features a trip to cousin and artist Ally Burguières’ gallery and guest speaker O.J. Reiss.
